12. (Internal Use Only - LLM) At his request, met with Ernest Baynard, Staff Administrator, Government Activities Subcommittee, House Committee on Government Operations, who wanted my reaction to a difficult problem facing the Chairman involving a senior Foreign Service officer who believes that there is a conspiracy in the Department to cut down on the flow of information to the public. Baynard said neither Justice nor the FBI had been of any help and he complained particularly about the Bureau's attitude. He asked if we would take a look at the voluminous data assembled by the individual and give him our opinion. I explained both the jurisdictional and practical reasons why I felt we could not get involved. In response to his request, I gave him several suggestions on how he could proceed, all of which he rejected, and I departed on friendly terms.

13. (Internal Use Only - JGO) Received a call from Mr. J. G. Sourwine, Chief Counsel, Senate Internal Security Subcommittee, who requested if available the text of the Pravda rebuttal of last Monday to the earlier ChiCom statements arising out of Soviet-ChiCom border disputes. The text is to be included in a Committee report that is scheduled for the printers this weekend.
